## 1 A Letter from the General Manager

Dear Exhibitor,

I would like to welcome you to our annual SonarWiz training event. We are excited to be holding it in Savannah GA, an old southern city filled with history and famous residents. There is plenty to do after class every day; from eating at one of the city's great restaurants, to joining the nightly ghost tour of the city that shares stories from a hundred years ago. You can also stroll along the city waterfront, where 200 years ago in 1819, the SS Savannah left from the city dock on it's historic crossing of the Atlantic.

Our conference will begin on December 10 and will run for three days. We will be at the Holiday Inn Express on East Bay street and have the entire floor space for our event. This is also the first year we have opened our conference to our partners to be part of the show, where you have the opportunity to meet our clients, to help them out with their survey needs, and to demo your equipment in the Savannah River, just two blocks away. We've set aside plenty of time throughout the conference to meet with them - with morning and afternoon breaks in the conference hall, an extended lunch hour for boat demonstrations, and our evening social event on Tuesday night.

Our team at Chesapeake will be showcasing the latest release, SonarWiz 7.6, with updates in our sidescan and sub-bottom processing, bathymetry updates to include our new 3D engine data visualization and beam performance test routine and additional sonar servers for data acquisition.

I am looking forward to the event, to sharing our software, and to working with our clients and partners as we continue building on our SonarWiz product.

Harold Orlinsky

## 2 Exhibition Basics

### 2.1 Pricing

Partner Package: \$800

Includes: exhibitor tabletop, 1 electrical outlet, and attendance for one

Additional exhibitor passes (limit 3/partner): \$400 ea
