

CTI Trade Up to SonarWiz Program

September 1, 2019

Chesapeake Technology Inc (CTI) is pleased to offer a special discount to new users of SonarWiz software. We know you have invested a lot of time and money in other hydrographic programs, and we would like to make the transition to owning SonarWiz a bit easier.

CTI will offer \$1000 off any SonarWiz Field, SonarWiz Office, or \$2000 off any SonarWiz Field & Office license. Also, to get you started, CTI will also give 25% off workshop registration or \$1000 off custom onsite training engagements.

There is no need to turn in your old software dongles. All we ask is some proof of purchase of any hydrographic software that is on a current Maintenance Agreement.

This offer is valid for up to three new licenses purchased within 30 days of the initial purchase.

If you have questions, please contact sales@chesapeaketech.com or +1.650.967.2045.

Chesapeake Technology, Inc. is a privately held company based in Mountain View CA. SonarWiz software is used by hundreds of clients worldwide, including NOAA, USGS, Fugro, Oceaneering, leading academic institutions, and many of the world's navies.
