

## SonarWiz and EdgeTech Training at SubSea Expo 2020

Our UK reseller Saderet Ltd is hosting a one-day workshop at SubSea Expo 2020 in Aberdeen, UK on behalf of Chesapeake Technology and EdgeTech. The training will be held on February 10, 9am- 5pm at [The Aloft Aberdeen](#) TECA. There is no charge for this training event. SubSea Expo will be held February 11-13, 2020.

The training will cover SonarWiz Sidescan and Sub Bottom using EdgeTech 4125 side scan sonar, 4205 side scan sonar, 3400 sub-bottom profiler, 6205 Bathymetry sonar, 2300 combined side scan sonar and sub-bottom profiler. Space is limited and RSVP requested by Jan 24. Please [click here](#) to email an RSVP to Saderet Ltd.

### December Training Event and Exhibition

This event, held in beautiful and historic Savannah, Georgia, was well attended and well received. Our hardware partners and resellers joined us for the first time to present their products and services, and show off their equipment in several boat demos.
