

SonarWiz

SonarWiz Fall Training Wilmington, North Carolina December 5-8, 2022

Join Chesapeake technology in beautiful Wilmington, NC for our annual yearend SonarWiz training event held at the campus of Cape Fear Community College. Attendees will learn the latest features of SonarWiz, along with the best practices to improve work and efficiencies of using the software for data collection and processing. We are pleased to be again welcoming our hardware partners to demonstrate their latest products throughout the event, with tabletop displays and boat demos.

On Monday, before the workshop begins, we have added a few additional events; During the morning, a few of our partners will have a workshop program. More information will be posted on the website for the morning sessions. In the afternoon, Chesapeake personnel will run the SonarWiz101 class, a beginner guide to the software.
